

BRAND GUIDELINES

A polished visual system built from the supplied logos, core navy and gold palette, and Montserrat Bold typography. The identity combines heritage, authority, and data-led precision.[file:1][file:2]

LOGO SYSTEM

Primary logo: horizontal lockup for websites, reports, dashboards, and slide headers.[file:1]

Secondary logo: circular crest for social icons, avatars, and compact brand marks.[file:2]

CORE COLOURS

Deep Navy

#0A1F3D

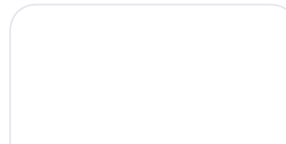

Primary text, headers, charts

Heritage Gold

#C79A2E

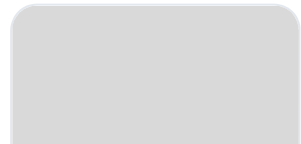

Highlights, accents, dividers

White

#FFFFFF

Clean background, reverse text

Mist Grey

#D9D9D9

Panels, subtle separation

Suggested balance

● 70% Navy

● 10% Grey

○ 15% White

● 5% Gold

TYPOGRAPHY

Montserrat Bold

Used for headings, KPI figures, and strong navigation labels.

This typeface gives the brand a modern, structured, and confident tone that matches the geometric simplicity of the wordmark.[file:1]

EXAMPLE HIERARCHY

Quarterly Trade Performance

Regional category mix

Use heavier weights for titles and lighter weights for body content when available.

BACKGROUND EXAMPLES

Preferred: white or very light neutral backgrounds for the horizontal logo.[file:1]

ETERNIA
— TRADING CO. —

Good for dashboards: soft off-white canvas with navy text and gold accents.

Dashboard canvas example

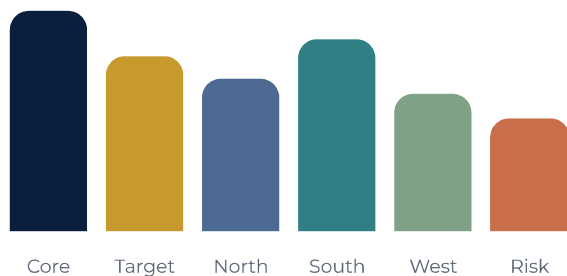

ANALYTICS PALETTE

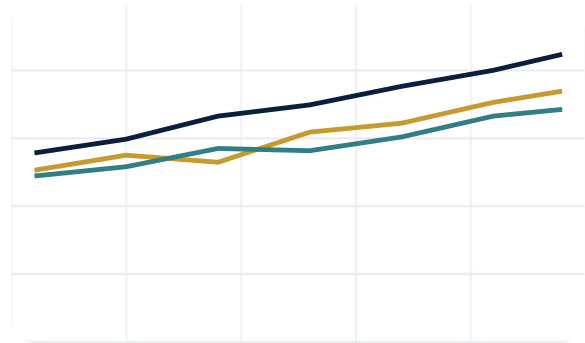

This complementary palette extends the core brand colours into additional category colours suitable for dashboards and data visualization.

Example: category bars

Example: trend lines

APPLICATION EXAMPLES

- Use the horizontal mark for corporate and presentation formats, and the circular crest for avatar-driven channels.[file:1][file:2]
- Reserve gold for emphasis so the navy remains the dominant structural brand colour.[file:1][file:2]
- For charts, keep navy and gold as anchor series, then rotate through the supporting analytics palette for categories.

Prepared from the supplied Eternia Trading Co. logos, core colour values #0A1F3D and #C79A2E, and the specified Montserrat Bold typeface.[file:1][file:2]
